Instructions for students

You must complete ALL activities within the assessment.

This task is to be completed under supervised conditions during a window of two days.

The window for Task 3b is Tuesday 02 May to Wednesday 03 May 2023.

Your centre will schedule **a single two-hour supervised assessment** for you to produce the evidence for this task.

You are **not** allowed access to the internet during this task.

You are allowed access to:

• your design

• the prototype digital solution you have produced

• the feedback you gathered in **Task 3 Part A**.

You are **not** allowed to make changes to the evidence produced in previous tasks.

Your tutor is **not** permitted to provide guidance or feedback during this task.

Activity

Produce an evaluation of the effectiveness of the prototype digital solution you have developed.

Your evaluation should consider:

- the effectiveness of the assets and content used, including:
  - why the chosen assets and content were selected, and why other content was rejected
  - the validity and reliability of the sources of information used
  - any legal and ethical implications of the assets and content selected

- how well the digital solution you planned and produced meets:
  - functional and non-functional requirements of the solution
  - key performance indicators (KPIs)
  - user acceptance criteria for the proposed solution

- how the prototype could be developed further.
